Every morning is destiny's way of telling you that your purpose in life is yet to be fulfilled.

02

Success is most often achieved by those who don't know that failure is inevitable.

05

It does not matter how slowly you go, so long as you do not stop.

07

If you haven't been able to achieve something, today is the best time to start working towards it again.

03

Success is the sum of small efforts, repeated day in and day out.

08

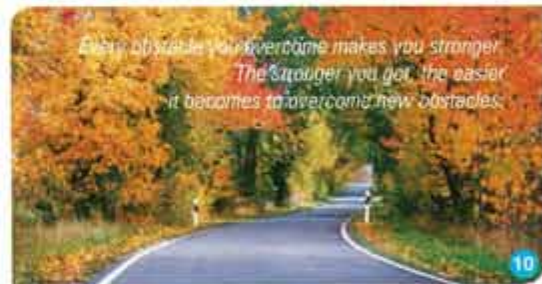

Success does not consist in never making mistakes but in never making the same one a second time.

09

Everything in writing begins with language. Language begins with listening.

04

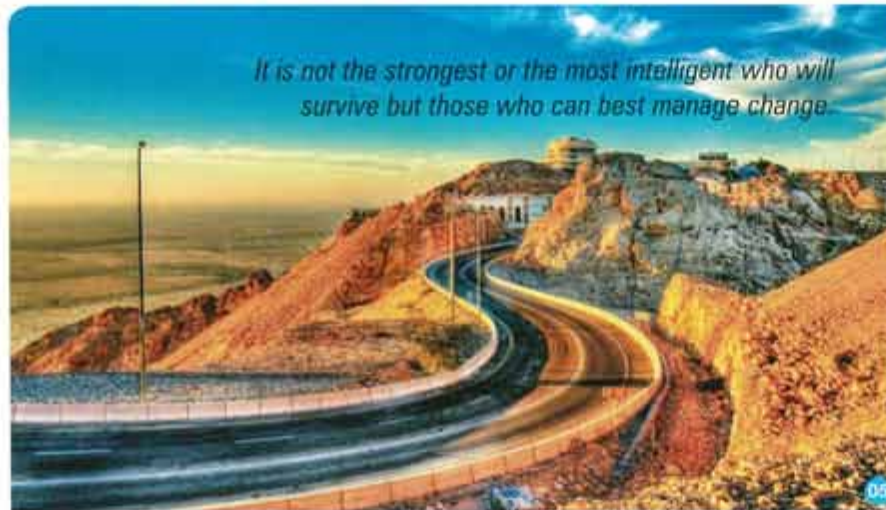

Every obstacle you overcome makes you stronger. The stronger you get, the easier it becomes to overcome new obstacles.

10

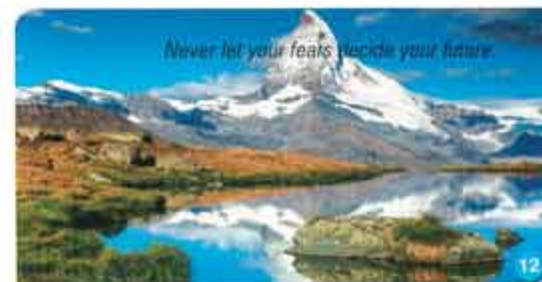

One of the best feelings in the world is knowing that someone is happy because of you.

11

It is not the strongest or the most intelligent who will survive but those who can best manage change.

09

Never let your fears decide your future.

Opportunities are like sunrises. If you wait too long, you miss them.

*For a thoughtful mind, sun never sets,
for a cheerful mind, sun never rises!*

06

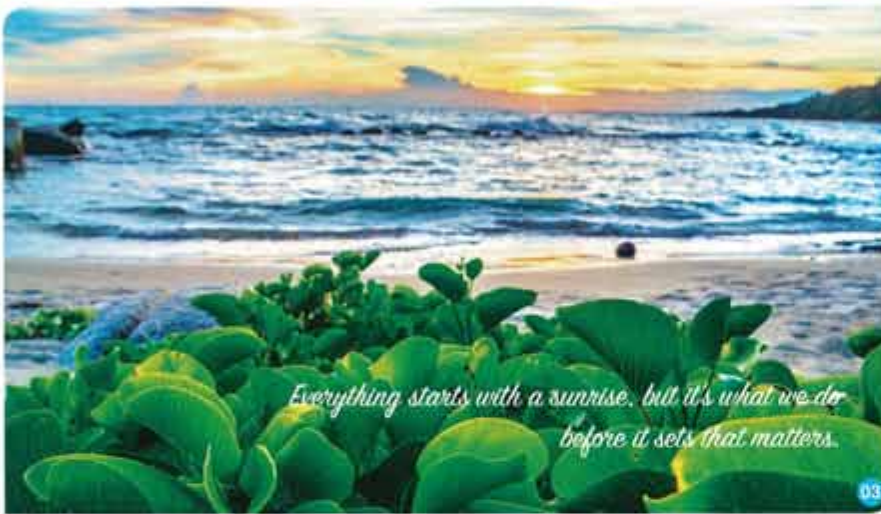

*Life is all about moving and enjoying every sunset
and looking forward to the next sunrise.*

*For most of us a testimony comes like a sunrise:
slowly, subtly, but surely.*

08

*Everything starts with a sunrise, but it's what we do
before it sets that matters.*

When a new day begins, dare to smile gratefully.

09

*Every sunset gives us one day less to live but every sunrise
gives us one day more to hope.*

*Think in the morning. Act in the noon.
Eat in the evening. Sleep in the night.*

10

With each sunrise we are given a chance for a new beginning.

An early morning walk is a blessing for the whole day.

11

*When you start each day with a grateful heart,
light illuminates from within.*

*Great attitude is like a perfect cup of coffee
- don't start your day without it.*

*If yesterday was a good day, don't stop.
Maybe your winning streak has just begun.*

02

*The greatest inspiration you can ever get is to know
that you are an inspiration to others*

06

*Even the smallest of thoughts have the potential to
become the biggest of successes*

07

Good thoughts precede great deeds. Great deeds precede success.

03

*Don't complain about yesterday. Make a better
tomorrow by making the most of today.*

08

*Forget tomorrow, say goodbye to sorrow.
Think about the future, let your life rapture.*

09

*Don't wake up with the regret of what you couldn't
accomplish yesterday. Wake up while thinking about what you
will be able to achieve today.*

04

*Stop thinking about how much more you can sleep
and start thinking about how much more you can do.*

10

*The biggest sources of motivation are your own thoughts,
so think big and motivate yourself to win.*

05

*Success is not just a measure of how big
you can dream, it is also a measure of
how much you can do.*

11

*Dreaming or doing is a choice that will mean the
difference between failure and success.*

Life shrinks or expands in proportion to one's courage.

02

Just like love, the language of truth pervades the beautiful smiles, warm embraces, normally a suspicion in disguise.

06

Success is not a one-time thing. It is a habit and a way of life.

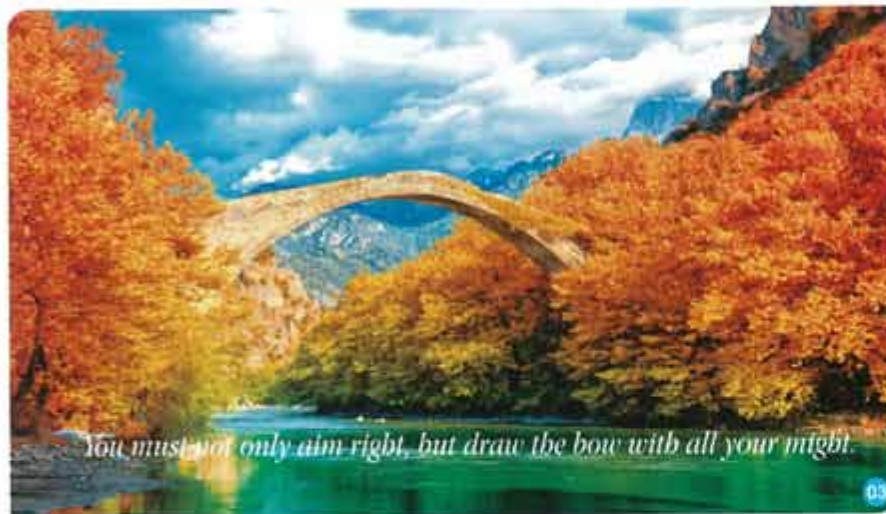

07

Let go, move on, set yourself free. Memories are beautiful but life is even better.

08

You must not only aim right, but draw the bow with all your might.

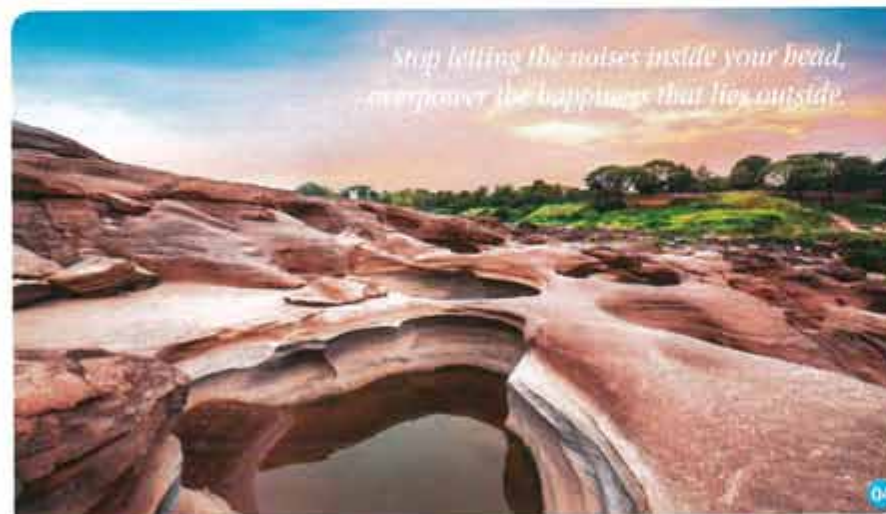

03

Many people chase their dreams but only a few wake up and do something about it.

09

Stop letting the noises inside your head, overpower the happiness that lies outside.

04

Stop putting yourself down for what you did or who you are. Success is all about what you can do and who you can be.

10

Facing your failures and overcoming your fears is the only way to succeed.

05

Success is less about flaunting your strengths and more about conquering your weaknesses.

11

Never give up. Greatness might be just around the corner.
